

NEIGHBOURHOOD PLAN: Our Village, Our Plan

The Parish Council is supporting the production of a Neighbourhood Plan for Long Clawson. This is a complex process and Leicestershire County Council has produced a toolkit for communities as a guide to the process – those interested can find this at:

<http://www.leics.gov.uk/index/environment/planning/neighbourhoodplanning/nptoolkit.htm>

The Clawson in Action group is working on a number of key areas to engage with relevant bodies and build up information which can be used in the production of our Neighbourhood Plan. At some stage we will need YOUR support in the process to ensure that it is delivering what the community as a whole wants.

- **Key workstreams** we are covering are:

- Infrastructure – parking, traffic, highways, public transport;
- schooling;
- health care, surgery;
- drainage and flooding risks;
- employment;
- ecological and geological;
- heritage and archaeology;
- communications;
- facilities – shops, play areas etc;
- available development sites – including impact of development in neighbouring villages.

If anyone can provide information/statistics in any of these areas please let us know.

The key word in all this is: **sustainability**
